BANDS BY SCORE READY TO BLARE CAMPAIGN TUNE

MANY LITTLE BOOMS
RISE AND THEN FALL

Candidates for Vice President Bring Their Own Nominating Speeches to Convention

CHICAGO, June 4.—Lines of action among the presidential candidates are beginning for the first time to come out of the nebulous atmosphere of the preliminary period and move toward definite form.

The arrival of Senator Johnson of California to take personal charge of his candidacy, and the agreement among Wood leaders to have Frank H. Hitchcock act as their field marshal, are the two outstanding developments which indicate that within the next forty-eight hours the situation among the Republicans will move into the stage where the leaders will begin to do things.

Up until today none of the convention forces had reached the stage where one manager was prepared to determine upon a line of action with any degree of certainty of what might be expected from his opponents. But the soundings which have been taken during the last day or two, coupled with the approach of the convention itself, have advanced the situation where, politicians say, things are about ready to move.

Wood Forces Confident.
The Wood forces profess to be well satisfied with the arrangements within their own ranks, and lay emphasis on the statement that the hopes of their opponents for a contest of leadership between William Cooper Proctor and Mr. Hitchcock have gone aglimmering. Mr. Proctor, they say, will continue in his present capacity with the Wood forces and the present agreement as generalissimo of the forces on the convention floor was unanimous and agreeable all round.

Convention Atmosphere.
After five days of sporadic activity and jockeying, things are beginning to take on a real convention atmosphere. By the time the crowds of delegates begin pouring in and with the coming of political leaders from Washington, things are expected to be going full blast.

The first cheers and the first songs of the boosters are beginning to be heard in the hotel lobbies and on the streets. Pianos are tinkling in many of the campaign headquarters, and the song leaders and cheer leaders are on the job, planning to lead the forces of willing workers that always gather to participate in the noisy demonstrations which accompany a convention.

Two Daily Interviews.
Publicity plans have had an impetus too, and beginning today, Wood, Lowden and Johnson will begin giving two daily interviews to newspapermen. Other candidates will join the plan as they arrive. Senator Proctor, of Washington, arrives today from Washington and on Saturday his special train of boosters and delegates is due in from the west. From today on, carloads of delegates will be arriving from all parts of the country, to go through the quadrennial preliminaries of caucusing, electing a delegation, officers, members of the various convention committees and choosing the state representatives on the Republican national committee.

Many Little Booms.
There are also many little booms, not so well defined or being supported with such enthusiasm as the principal ones. These are candidates for president and vice president, who have arrived with nominating speeches already prepared, and now they are busy canvassing the various delegations trying to induce some one to deliver them.

Vice-President Marshall is going to have a look at the Republican contest and possibly some of the convention on his way west. He is due to arrive today.

By all comparison of previous conventions, all the scenery and props are on hand for the late spring breezes of Lake Michigan; there are buttons, badges and souvenirs by the thousands; there are bands by the score all ready to begin blaring the campaign anthems; there are rosters and boosters, preparing their voices for the uproar, there are enthusiastic ready to parade at a moment's notice and to cheer with the winners and mourn with the losers.

POLK RESIGNS AS UNDER SECRETARY HUNGARIANS SIGN TREATY OF PEACE AT VERSAILLES

POISON NEEDLE GANG BUSY AS CROWDS GATHER

BUDAPEST, June 3.—With army officers in hospitals in consequence of having been pricked by poison needles, and a number dead, it is believed that bolsheviki are attempting to create new disorders during the period of uneasiness attendant upon the signing of the peace treaty.

The city is filled with terror at these outrages, which are committed at night when officers are going about on duty, and particularly when they are in the crowds. There are few people on the streets now, the cautious ones staying within doors.

Order is being kept by mounted police and squads of soldiers armed with hand grenades, pistols and rifles with fixed bayonets.

FRENCH PLANE BREAKS RECORD FOR TIME ALOFT

"Goliath" Remains in Air More Than 24 Hours With Two Pilots

PARIS, June 4.—The airplane "Goliath," piloted by Lieutenants Bessout and Barnard, broke the world's record for continuous flight being forced to discontinue only after it had remained in the air twenty-four hours, nineteen minutes and seven seconds, covering a distance of 1,915.15 kilometers.

The Goliath also established what is claimed to be records for 1,000 and 1,500 meters making the former in eleven hours, twenty-nine minutes and fifty-six seconds, and the latter in sixteen hours, forty-two minutes and eight seconds.

The former record for continuous flight was held by the German, W. Landmann, who remained in the air twenty-one hours, forty-eight minutes and forty seconds in June, 1914.

DISCUSS FAIR RENTAL RETURN ON INVESTMENT

KANSAS CITY, June 4.—The question of what constitutes a fair rental return on a residence property investment precipitated lively discussion today in the annual convention of the National Association of Real Estate Boards. Charles Mayer of Cincinnati took issue with the report of the national housing commission that residence property owners should obtain 15.6 per cent on their investment to equal six per cent net.

Mayer declared he had been building, owning and renting two family houses in Cincinnati for 35 years and had made more than six per cent net with a gross income of 12 per cent on his investment.

PLANS TO RESUME PRACTICE OF LAW

Successor Not Yet Selected; Retiring Secretary Had Fine Public Record

WASHINGTON, June 4.—Frank L. Polk today resigned as under-secretary of state and his resignation was accepted by President Wilson.

Mr. Polk's resignation will take effect June 15 when he will leave Washington to take a rest before returning to the practice of law in New York City. His successor has not yet been selected.

The under-secretary's letter of resignation was not made public, but the president's reply was given out at the White House. It said: "My dear Polk: The argument of necessity on account of your health in the matter of your retirement is one which I am stopped from answering or combating. I feel that I have in conscience and warm friendship no choice but to accept your resignation, though I do so with the utmost reluctance and with some regret. The administration I have felt for the devoted and intelligent way in which you have performed your duties in the department. We shall all miss you very sadly, and the public service will be poorer on account of your loss. With the warmest good wishes,

"Cordially and faithfully yours,

Mr. Polk entered government service on September 18, 1915, as counsel for the state department. Later he was made an assistant secretary of state and last year was elevated to the post of under-secretary when that office was created by special act of congress.

SPIRITUALIST LEADER VICTIM OF HEMORRHAGE

NEW YORK, June 4.—Professor James H. Hyslop, advocate of spiritual healing and recognized leader in America in research of the supernatural, has suffered hemorrhage of the brain which has affected his speech, it became known today. His illness, which has kept him under the care of a specialist for months, prevented him from appearing as a witness today in a legal action.

Affidavits produced in court stated that Professor Hyslop has been unable to sit up since the attack and that there are some words he cannot speak at all.

Dr. Hyslop published an article in 1913 announcing his conviction that spirits could cure physical ailments. He named the two daughters as having been benefited by spiritual healing. Among the ailments he then said spirits had been the agents in curing typhoid, deafness and bronchial trouble.

FEDERAL HOUSECLEANING MOVE IS VOTED DOWN

WASHINGTON, June 4.—The house last night failed to adopt the senate joint resolution authorizing appointment of the joint committee for reorganization of government service.

Representative Blanton, Democrat of Texas, said the joint committee would be "another smelling committee" whose only purpose would be to "bring out bogus factors for campaign purposes."

SPRINGFIELD, Ill., June 4.—Fred Beck, 46, of Buffalo, N. Y., was drowned when the automobile he was driving plunged off a levee, eight miles east of here. His two children, Charles 13, and Pauline, 17, escaped injury.

THIS FELLOW HAS JOB AS BREAKER OF PLATE GLASS

CHICAGO, June 4.—Benjamin Beris, official of a glass company here, was arrested after Fred Galvin had told police that Beris hired him to break plate glass windows in downtown stores in order to stimulate business for the glass company.

Galvin, arrested after throwing a rock through a drug store window, said he had broken over \$5000 worth of windows, on each of which he received a commission. He was given certain windows to break every day, he said, and in each case they were covered by insurance companies doing business with the firm with which Beris is connected.

According to police Beris at first denied knowledge of the conspiracy but later confessed.

PAIR ARRESTED AS SUSPECTED IN KIDNAPING CASE

Former Cook and Her Friend Held Following Stealing of Baby Boy

NORRISTOWN, Pa., June 4.—A second arrest in connection with the kidnaping Wednesday morning of 13 months old Blakeley Coughlin was made early today in Philadelphia. The prisoner, James Malone, 27 year old, was taken at his home and held for a hearing. No specific charges were lodged against him.

Malone, according to the authorities, is a friend of Catherine Dundon, a former cook in the Coughlin family. She was arrested last night on charges of suspicion of having been implicated in the kidnaping.

Many supposed clues have been run down, but none have given clue as to the whereabouts of the golden-haired child.

Awards aggregating \$7,500 have been offered in connection with the kidnaping.

DENIES RAIL MEN'S WORD ON NATION'S MEAT BILL

CHICAGO, June 4.—Thomas M. Wilson, president of Wilson and company, packers, in an address here denied statements issued by railway employees in seeking increased wages that the average American family pays from \$300 to \$500 a year to the five big packers, asserting that livestock had been selling for some time at a price below cost of production.

"Assuming that the combined business of these packers for 1919," he said, "was \$4,000,000,000, then, on a basis of 25,000,000 families the average purchase of each family would be \$160. Certified accountants and government experts report that the packers do not make more than two cents on each dollar of sales. At this rate the average family of five persons would pay \$320, or 64 cents each for the packers' service and that would include the disposition of the hides, bones, horns and the entire body of the slaughtered animal."

NOTABLES LOOK ON AS DELEGATES ATTACH NAMES

Hugh C. Wallace, American Ambassador Present at Signing of Peace Treaty

PUBLIC IN BUDAPEST IS MUCH EXCITED

Count Albert Apponyi Gives His Rules for Long and Happy Life

VERSAILLES, June 4.—By the Associated Press.—The treaty of peace with Hungary was signed in the Grand Trianon palace here at 4:25 o'clock this afternoon. It was five minutes before the hour appointed for the signing.

Premier Millerand of France, one of the earliest arrivals, was followed shortly by Hugh C. Wallace, the American ambassador. Mr. Wallace sat at Mr. Millerand's right, while the Earl of Derby, British ambassador to France, sat on his left. King Alexander of Greece, one of the most interested spectators, remained standing.

The Hungarian delegates arrived at 4:30 o'clock. As soon as they were seated Premier Millerand arose and said simply that the treaty they represented was a copy guaranteed to be the same as the copy given the Hungarian delegation. He then invited the Hungarian delegates to step forward and sign.

Hungary is Excited.
BUDAPEST, June 4.—The public is much excited because of the imminent signing of the peace treaty and some disorders have occurred. There were a few attacks tonight on peaceful citizens by rowdies, who cried "down with the Jews" at points apparently selected because there were no troops or police there. It is feared these attacks portend more serious disorders.

Count Albert Apponyi, who recently resigned as head of the Hungarian peace delegation, observed the conclusion of his seventy-fourth year June 1 by drawing up plans to obtain better peace terms for Hungary.

Still is Working.
The signing of the treaty does not mean the termination of negotiations, but the beginning. The count told the correspondent. The aged statesman gave his recipe for long life and health.

Premier present prospect I expect to live to be a hundred years old, but I do not like to place a limit to the grace of God," he said. "Work keeps me young. My recipe is, do not burn the candle at both ends. Take an intelligent interest in politics and cultivate friendships, but do not be a swindler in politics. I don't pay."

The count said he had represented the same district in parliament for the last 40 years. My life is still happy, although I am obliged to support my family by the sale of the family jewels."

WORLD CEREAL REPORT REVEALS GREAT GAINS

WASHINGTON, June 4.—A dispatch to the department of agriculture today from the International Institute of Rome, Italy, said the 1920 production of wheat in British India would be 384,000,000 bushels, or 130.1 per cent of the 1919 production, and 103.4 per cent of a five year average, 1914-18.

RAW LEATHER SUPPLY OF U. S. TO BE CHECKED

WASHINGTON, June 4.—Monthly statistics covering production, distribution and quantities of hides were by tanners and dealers would be published monthly by the director of the census under a bill passed by the house.

Concealment of the number of hides and skins in the country would be impossible with a consequent difficulty in explaining unusual increases in price, said Representative Siegel, Republican, New York, who reported the measure.

Prices increased 100 per cent since the armistice, he added, "when tanners and manufacturers frantically bid up the prices."

DENIES TRYING TO EVADE PROBE OF 'SLUSH' FUND

Horace C. Stebbins, Eastern Treasurer Witness at Campaign Fund Inquiry

TELLS OF COIN SENT BY WILLIAM LOEB

List of Contributors Promised; Says Most of Money Goes to Publicity

WASHINGTON, June 4.—Horace C. Stebbins, of New York, eastern treasurer for the Wood national campaign committee, explained to the senate campaign investigating committee today why officers of the senate had been unable to locate him to serve a subpoena for his appearance at the inquiry.

"Nothing could be more false than the implication that I have been evading an appearance here," he said. "I have been on a trip in the Canadian woods, which was planned long ago, which took me more than sixty miles from a telephone or telegraph line. The idea that I have been trying to hide is ridiculous."

Family Persecuted.
"My family and business associates have been absolutely persecuted by United States marshals and subpoena servers. They could not tell where I was, I didn't know always myself."

Senator Capper, Democrat, Ohio, remarked there "were two sides to it."

Asked to explain the eastern financing of the Wood campaign, he said he had received money which was sent through William Loeb and his associates.

"I paid it out by authority of Colonel Proctor and Mr. Loeb."

Mr. Loeb sent \$225,000 from New York to Chicago, Chairman Kenyon interposed, "does that appear in your accounts?"

"I don't want to get any duplication," the witness replied. "That \$225,000 was included in both my accounts and those at Chicago."

"I received between February 29 and May 11 \$30,000 from Mr. Loeb," he continued. "Then I received \$75,000 from Chicago. I said I said about \$40,000 from the ways and means committee in New York City."

There was a general discussion between the committee and the witness in an effort to determine the total Wood national account. Mr. Stebbins said that he could not absolutely settle the point until the books were audited. The total as given by Mr. Sprague was \$1,180,000.

"Don't you know the contributors to the fund Mr. Loeb raised?" Chairman Kenyon asked.

"No, I don't," Mr. Stebbins replied. He promised the committee a transcript of the full contributors list outside of this fund.

None of those on the list, he said, were larger than \$1000.

Asked if independent Wood funds were not raised, for state use in New Jersey, Mr. Stebbins said more were some local expenditures, but that they were small.

The witness said that in general seventy per cent of "the money spent from my accounts went for publicity."

"The committee is thoroughly satisfied that you had no intention of avoiding examination," Chairman Kenyon told Mr. Stebbins when his examination was completed.

NEW SWINDLE BARED WITH ARREST OF PAIR

NEW YORK, June 4.—A new swindle was disclosed with the arrest of two men, one of whom had posed as an internal revenue agent, according to the police. One, an accountant, failed to convince Walter L. Williams, head of a carpet cleaning company, that he had withheld \$30,000 from Williams' income tax report.

"agent" looked over Williams' books and "verified" the accountant's statement. Each thought \$5,000 should be the price of their silence, the police said. Williams met him in the Pennsylvania railroad station and passed \$1,400 in marked bills to one of them. Then the police took both.

DISABLED VETERANS OF WAR WILL FORM SOCIETY

LOS ANGELES, June 4.—A society to be known as "the disabled veterans of the world war" will be organized here Saturday night, according to a statement issued by R. W. Robertson, temporary chairman, who is himself disabled to the extent that he still wears a cast on his face and carries a bullet in his spine as the result of his wounds in action. Two hundred veterans have already agreed to attend, and it was said that about 100 more remained to be seen.
